

# Beautiful families come in all sizes and shapes

If someone in your family isn't covered by our employer group health insurance, I'm here to help.

I can walk you through individual coverage options for your family members. Get peace of mind with access to more Buffalo area doctors and top specialists. I can connect you with quality coverage for your:

- Children, step children or grandchildren in Erie County up to age 19 who are not covered on your group plan
- 26-year-old aging off your plan who can't get coverage from his or her employer
- Adult family members under 64 in Western New York in need of individual insurance, including the \$0 or \$20 Essential Plan for those who qualify based on family size and income
- Uninsured friends or extended family who may need in-person assistance

Regardless of your family's situation, Univera Healthcare offers affordable options for every stage of life. Those who qualify can enroll year-round.

**I can explain all your options and simplify the enrollment process.**
