**Right here.
For you.**

Let's empower your team to take control of their health.

Western New Yorkers work hard. That's why accessing resources that support every aspect of health should be easy. At Univera Healthcare, we're here to provide technology that empowers employees to take control of their health. We're talking about tools for engagement, rewards for prioritizing a healthier lifestyle and support for overall health and wellness.

It's a different approach to caring for your workforce and ensuring better health and financial outcomes. Because that's exactly what your business deserves.

Meet **Vitalize**, a digital platform that places the power to live better at Western New Yorkers' fingertips.

Our partnership with Personify Health will give employees the tools to make small, everyday changes to their wellbeing that are focused on the area they want to improve the most. They'll build healthy habits, have fun with friends and experience the lifelong rewards of better health and wellbeing.

Within **Vitalize**, employees will have the ability to:

Connect a fitness tracker so they can log activity and watch for small improvements over time.

See a clear picture of their health with a certified Health Risk Assessment called Health Check.

Set their interests by choosing to work on areas that matter most to them, like eating habits, sleep, physical activity, relationships or finances.

Add friends and family, connecting with up to 10 others to help encourage and motivate one another.

Rally coworkers for the latest company step challenge. Or gather a small group of coworkers or friends and challenge one another to start a new healthy habit.

Use the digital coaching tool to make simple changes to their health, one small step at a time.

Vitalize will be available to employees through the Personify Health mobile app and web browser.

Reward your team for living well.

Health is meant to be rewarding. That's why Vitalize offers a comprehensive reward program designed to provide employees with helpful incentives for getting and staying healthy.

Earning rewards is easy.

Rewards are a combination of a points and levels game structure with the addition of specific action rewards. The action reward can be earned by completing the Health Risk Assessment (Health Check). This setup allows employees to focus on a few specific actions to earn a reward and will also give them a game experience of working through levels.

Employees will start by registering and setting up their online account for points. As they complete healthy activities such as step tracking, Journeys and Daily Cards, they'll move through levels and continue earning points. When they reach milestone levels, they'll unlock Rewards Cash that they can redeem for gift cards and merchandise.

Vitalize rewards

Features

Annual rewards per subscriber ¹	\$200
Health Risk Assessment (Health Check)	✓
Health Risk Assessment (Health Check) reward	\$25

Dedicated to meeting your employees' mental and emotional health needs

With Vitalize, your employees will have the resources, content and tools that support their unique needs around anxiety, depression and stress reduction.

Daily tips & healthy habits

Supports successful behavioral health changes and resilience by encouraging members to make small but daily changes in their lifestyle.

Digital coaching journeys

Each journey breaks a key behavior or a larger goal into smaller achievable steps, helping people improve their health literacy and form new habits as they go.

Personal spotlight challenges

Peer-to-peer challenges to drive improved habits across all aspects of wellbeing. Supportive group competition that goes beyond activity-based challenges focusing on mental wellbeing. Includes enhanced participant onboarding, rich educational content to improve health literacy, and immediate access to resources.

Media library

A new and immersive experience building on our purpose-driven content. No matter where members are in their journey, this is a one-stop destination to help excite and engage them to reach their health and wellbeing goals. Mental wellbeing topics like mindful eating, nighttime anxiety and more are covered.
